Resilience Thinking in Landscape Systems
NRES 498-100  ||  1 credit hour

From cities to cornfields and grasslands to forests—landscapes are where we live, get our food, experience the outdoors, and so much more. It is more important than ever to understand landscapes and what makes them resilient.

» View landscapes as systems
» Assess landscape system resilience

Spring 2021
Three-week session
January 4–22
M/W/F 1:00–3:00pm
Web-conferencing
